Hi Claudia,

That document has not been updated yet, the language is from last year. If you want to provide names, that would be great, the documents are internal, so I would just use it as an overall thanks to them for their work with us on clarifying their regs in the Uinta basin.

Thanks,

Dee

Hi, Dee,

The document for UT for 2016 appears to contain outdated information for the Uinta Basin, but I'm not that familiar with the Mid Year process to know if that is the intent. I'm not sure how much we are able to say about the U&O FIP at the Mid Year, but do you want to give kudos to the UDAQ permitting and compliance staff who have been assisting us in development of a solution for oil and gas production sources on the U&O Reservation? I can provide specific names if so.

Thanks,

Claudia

**Subject:** FW: Mid Year Schedule and locations

Hi everyone,

I am forwarding this to the entire unit as an FYI and a heads up to let me know if there are any items that need to be raised to the states during these meetings or any kudos I can share. The draft agenda and briefing documents are located:

G:\Air Program Management\Mid Years\Air Program Midyears\2016

If you have any items for mid-years, please update the briefing document on the G drive and highlight the updated sections in yellow no later than one week before the scheduled mid-year. Let me know if you have any questions.

Thanks,

Dee
